Networking meeting for PhD students in Faculty IV

Dear PhD students,

- How do I plan my dissertation?
- How do I get good supervision?
- Who can help me when there is trouble with my supervisor?
- Who can tell me about the formal regulations of the dissertation?
- How do I know about training programs for PhD students?
- How can I network with fellow PhD students in the department?

Sooner or later you will come across one of those questions and might not know the answer.

We would like to invite you to a virtual meeting where we will answer these and other questions about how to successfully pursue a doctoral degree. We are the people responsible for doctoral students at Faculty IV and the Center for Junior Scholars of TU Berlin.

The meeting will take place in zoom on Monday, April 4, 2022 from 2:00 – 4:00 pm (sharp).

We hope that many of you will join us.

You are warmly welcome no matter whether you have just started your PhD or you are about to finish or you are simply tired of being the lonely PhD at home and want some contact.

With kind regards,

Susanne Teichmann
